

Holiday club letter - version 1

This is a promotional letter for **children who have been attending a holiday club**. The letter should be accompanied by an ALF club invite, see pages 19-22 for more details. (NB: This example letter can be downloaded from www.ariseministries.org.uk.)

The letter will need the church name and address at the top.

It will not be personally addressed.

We hope that you have really enjoyed your time at the holiday club and that you have had fun as you have learned about Jesus.

The good news is that even though the holiday club is over we are just about to begin a weekly club that will be just as much fun... and you are invited!!

The club is called the ALF club and it includes fast and frantic games, a huge variety of interesting crafts and activities, entertaining DVD and the chance to find out more about Jesus.

The ALF club starts on *(date)* at *(time and venue)* with a special launch party. You can come along to the launch party and then decide if you would like to join the ALF club.

Numbers are limited!

Hope to see you there.
